

Think Spring!
Think Bluebirds!
Help Build And Put UP
Bluebird Houses
For The New Pelots Bluebird Trail

The North Hero Library and the North Hero Recreation Committee will have bluebird activities for children of all ages. Learn about where bluebirds live, what they eat, and how to identify them by sight and their calls. Help create a Bluebird Trail at the North Hero Pelots Nature Area.

Join us for bluebird related activities at the North Hero Public Library, including construction of bluebird houses for the Pelots Natural Area on Saturday, February 24, at 9:30 a.m. To help us plan, please let us know if you will be coming.

This spring, learn more about bluebirds. Start at the North Hero Library and then go to the Pelots Natural Area. At Pelots we will begin our adventure to conserve bluebirds by erecting the houses along our new Bluebird Trail. Children who missed the first session are welcome. The spring event is on Saturday, March 31, at 9:30.

Join the Bluebird Club. Children and adults are needed to help monitor and report the nesting activities along the Pelots Bluebird Trail this summer.

For more information contact Caroline Korejko, Librarian, 802-372-5458 or visit the Town Web Sites at:
